

# Introducing Growth, Development, and Diversity

## Learning Outcomes and Course Checklist

---

### LEARNING OUTCOMES

The foundation for building positive relationships is understanding children. All children are unique and progress through predictable ages and stages at their own pace. Child care providers should interact with each child in a way that recognizes and respects the child's chronological and developmental age. This module reviews what participants already know about children and their development.

This course is designed to teach age-appropriate behaviors and culturally appropriate expectations for infants, toddlers, preschool, and school-age children. Course content is based on information on pages 58-74 and 111-115 in the Child Care Center Licensing Guidebook, 2nd ed. (2006). DEL-LC 2001 (x) 10/06.

- Level 2
- Washington STARS credit: Child Growth and Development (4 hours)
- CDA Content Area: Understanding Principles of Child Development and Learning (4 hours)

### Objectives:

- Demonstrate knowledge of age-appropriate expectations.
- Identify, from a list of activities, which are appropriate for specific age groups.
- Demonstrate knowledge of culturally appropriate expectations.
- Identify appropriate adult responses to a scenario of children talking about differences and diversity.
- Identify ways to honor cultural diversity.
- Identify training steps to increase one's cultural awareness

## CERTIFICATES

This is a LEVEL 2 Course. All assignments MUST be done at least a level 2 in order to receive a certificate for this course.

If your assignments were adequately completed, you should expect that the turnaround time will be less than 24 hours from the time which you submit the evaluation form until you receive your certificate by email. If you did not adequately complete the assignments, the trainer will send you an email requesting that the coursework be redone. Be sure to watch for emails from Debbie Hasbrook, Successful Solutions, for coursework feedback.

If you do not receive your certificate within 24 hours from when you submit the evaluation form, check your junk mail or spam folder. If the certificate email is lost in cyberspace, we will not know that you did not receive it. You will need to provide us with a different email address, such as a new Yahoo email account, to receive your certificate. Please be aware that Wavecable and Comcast especially seem to have difficulties receiving our emails with the certificates attached. Thank you for your cooperation and patience.
